

Not big. The world's fastest autoclave! But great.

Vacuclave 105 - fast has never been this fast before!

Speed through and through, quality all around: Vacuclave 105 is our new small 5-liter autoclave for big dreams. With record cycle times from 6.5 minutes (plus drying), you can sterilize your instruments on 2 trays in a minimum of space and time.

Discover the advantages of the world's fastest autoclave:

from

6.5 min

Cycle time of a conventional practice autoclave: 40 min

82 % faster cycle times*

60 % less space required*
(Dimensions W x H x D: 30 x 30 x 59 cm)

50 % less weight*

* Compared to a conventional practice autoclave.

- ★ Unique MELAG quality - made in Germany guarantees maximum reliability in everyday practice
- ★ Ready. Set. Installed. Location-independent plug & play installation thanks to stand-alone device concept
